PRISONERS

1. Michigan has its smallest number of prisoners since 1977. In December, Michigan prisons had nearly 43,000 inmates. A peak of more than 51,000 was in March 2007. Crimes went down 4% in Michigan last year (2011), the number of arrests also decreased. Leading to less felony convictions and fewer people going to prison.

FOSTER CARE

1. Michigan Foster Care program is allowing young adults to stay in the program. This change went into effect Monday and lets young adults remain in Michigan foster care program until they are 21. Teens and young adults who decide to stay in the state system after age of 18 would be eligible for financial help with education along with assistance for counseling, housing and medical coverage.

FARMERS – GRAPES

1. Temperatures could drop into dangerous temps for farmers whose Fruit crops blossomed “early” during last months warm streak, and the danger is going to hang around for a few days. Farmers are out evaluating crops after temps fell to 25 degrees. Last week’s freeze wiped out a large portion of crops, grapes have been hit the hardest. Farmers in West Michigan say this is the worst season they have ever seen and are hoping for some help from the government. Now in June the dry conditions threaten what fruit did survive.
